

More Vulnerable development up to 1ha in size (excludes non-residential extension with a footprint of less than 250sq. metres or a domestic extension) in Flood Zone 2

Applications for planning permission should be accompanied by a completed form. An electronic version can be submitted by 'printing' it to a PDF writer.

The guidance on this sheet concerning Flood Risk Assessment requirements should also be applied to applications for Change Of Use within this category. Note - the Sequential Test does not apply to Change of Use applications. This advice is not applicable to development proposals for landfill/waste facilities & holiday/short-let caravans in this Flood Zone.

Sequential Test requirements

The Sequential Test is applied by the Local Planning Authority (LPA) to planning applications within this category. Details of the sequential test are set out in paragraph 101 of the NPPF.

FRA requirements

Planning applications must be accompanied by a Flood Risk Assessment (FRA). We recommend the FRA meets the requirements set out in the table below. All flood management measures will need to be supported by plans and drawings that form part of the FRA. The requirement for a FRA is set out in the NPPF in paragraphs 103 and 104 and footnote 20.

We recommend that Table 1.0 is completed by the applicant as part of the FRA submission. The standing advice help pages¹ provide guidance to help the applicant through this process. Plans may need to be amended and/or application withdrawn if the detail provided in the table does not meet the requirements as set out.

The following sections are to be completed by the applicant and checked by the LPA:

Site address & development description:	Nos 11 and 13 IRVINE ROAD LITTLEHAMPTON BN17 5LB ALTERATIONS TO FRONT BOUNDARY WALL
Print Name:	M J J TANNER
Signature:	[Redacted Signature]
Date:	14/10/2014

Continued...

¹The help pages are available to see on the Environment Agency website www.environment-agency.gov.uk on the flood risk standing advice pages.
