Dear Mr Naldrett,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application for Planning Permission for Works or Extension to a Dwelling

Development: To convert a section of the existing garage to create a annex for occasional self contained assisted living for an elderly relative to convalesce and occasional holiday accommodation for guests.
One place will be retained in the garage for car parking, this is adequate for my needs, the elderly relative who wishes to stay in the Annex is unable to drive and increasingly unable to manage the stairs to the upper floors. There is also "pay and display" parking locally for other guests.
The Ground floor is designed as sacrificial in the event of rising sea levels and flooding from the nearby River, at the time of construction this seemed acceptable but unexpectedly I find I now need to accommodate relatives with increasing Disabilities .
