Dear Colleagues ,

I am submitting photographs that I took only yesterday 8th March 2018 in respect to the above mentioned planning application and the state of Ferry Road , Littlehampton.. As you may not know we only had the Bridge at Ferry road repaired last year and the road is already starting to sink very gradually .. As you can see the road is already breaking up and we have not even approved the application with which is going to allow approximately 3000 plus lorry movements within a 6 month period. There are other areas along this stretch of road that have had to be bolstered up which with this type of HGV movement will not last .

I am sorry to say but this application has to be looked at again and there has to be another way and I believe that is by bringing the goods in by sea ..

kind regards
Ian
Cllr Buckland
