Dear Ms Gardner

Planning Application LU/320/17/PL – Proposed alterations to golf practice ground and surrounding land including tees (incorporating importation of material) at Littlehampton Golf Club, Rope Walk, Littlehampton

I write to support the Planning Application for proposed alterations to the golf practice ground and surrounding land, including tees, at Littlehampton Golf Club (LPA Ref LU/208/17/PL).

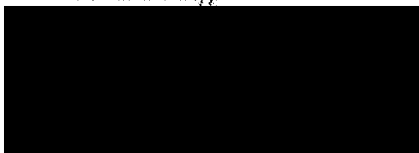

I am a member and regular player at the Golf Club. It is an important, high quality course that is much valued and enjoyed by members and visitors from the Littlehampton area, as well as further afield. It is rightly described as a 'hidden gem' and is one of few genuine 'links' courses in the south of England.

The existing practice ground is low lying in relation to surrounding land to 3 sides, and has poor drainage at times of heavy rainfall. This, together with the existing surrounding scrub, means the practice ground is of very limited value and use to the golf club, its members and visitors.

I support the golf club in their proposals, to improve the area by its re-modelling. This will also have the additional benefit of re-positioning a number of surrounding tee positions. Overall the proposed works will help to sustain and improve the quality, experience and enjoyment of the Golf Course.

I hope that you will feel able to support the application, enabling the Golf Club to continue to thrive, and be enjoyed by its members and visitors.

Yours sincerely,

Bill Hoal
