LITTLEHAMPTON BN17 7NG

PLANNING REF LU/321/18/HH

13 GRAND AVENUE WICK LITTLEHAMPTON

TO: ~~MR DENTON CASE OFFICER~~

This letter is to the Case Officer and is in addition to our objections against the proposed development as above. We are attached to this property as a semi detached bungalow.

We tried to make an appointment but told it was not possible. We visited Arun Council Office, Planning desk. All the receptionist could do was show us the plans but could not answer any questions. We were told the Case Officer had made a site visit. I hope you will be able to reply in writing to us regarding the following queries about this development.

Is there any party wall involvement in this conversion?

Will there be increased fire prevention due to the height and floor size according to the plans.

[illegible]

Q.

What sound proofing is planned as we understand the noise will be increased from the roof development.

Will we have assurances about any damage done to our property by this building work

We would have thought that Area Planning Department also had a duty of care to neighbours affected by any development
