Dear Ms. Gardener,

Re: Nelson Hotel (new development)

I have learnt through social media that a planning application has been submitted for a new hotel to be built on the site of the old Nelson Hotel.

In my opinion this new development will be a considerable asset to the town, which is currently lacking in hotel accommodation.

This proposed hotel will rejuvenate the river area.

I find particularly of interest the planned roof terrace pub restaurant with views of the river Arun.

Finally, I strongly urge the planning committee and yourself to approve this new exciting development.

With best wishes,
