Dear Anita

To clarify an item that was raised by Littlehampton TC Planning committee regarding parking despite no objection from West Sussex Highways.

As in line with the Highways Statement submitted as part of the application no on site vehicle parking will be provided. However the owners are fully committed to support purchasing permits to the West Green car park for hotel guests and encourage other users to use it to limit on street parking.

It will be written into a Travel Plan that the hotel will encourage the use of public transport as in a town centre location and may introduce incentives for guests to do so. The use of taxis for patrons not to drink and drive will also be encouraged. With double yellow lines existing outside on both roads it was suggested by Town Councillors for a pick up / drop off bay particularly which will be very useful for disabled users who are penalised with the current restriction.

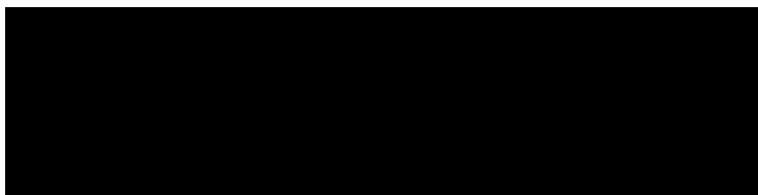

Regards
