Subject: RE: LU/32/19/t - 27 Dorset Close, Littlehampton
Importance: High

Hi Charlotte,

Further to previous email correspondence and the conversations between Will Jones and Mark Warwick.

We have now had agreement from our client to go ahead with the change of works as outlined in your email dated 12th April 2019 see below:-

- Undertake repeat crown reduction work, such that only material grown since the last operation is to be removed.

Reason: To maintain tree at reduced dimensions such that it does not present an unacceptable risk of falling branches and to prevent dominance over residential gardens.

Please could we have confirmation of your consent at your earliest convenience.

Kind regards,

Jo Atkinson

Subject: LU/32/19/t - 27 Dorset Close, Littlehampton

Dear Mr Jones,

I write to regarding the application submitted for 27 Dorset Close, Littlehampton.

We have received the comments from the Tree Officer and as it stands unfortunately your application is set to be refused.

The Tree Officer however has provided some advisory comments, these are as follows:

- I would like to see the applicant submit a revised work specification such as detailed below, which would seem to address their concerns whilst preventing the loss of an established tree the subject of an Order.***
 - Undertake repeat crown reduction work, such that only material grown since the last operation is to be removed.***
- Reason: To maintain tree at reduced dimensions such that it does not present an unacceptable risk of falling branches and to prevent dominance over residential gardens***

If you are in agreement with the advisory comments from the Tree Officer, then we would be able to approve the application conditionally with the revised description applied.

If you could please confirm in response to this email by Friday 19th April, otherwise unfortunately I will need to issue the decision for refusal.

I look forward to hearing from you.

Many thanks,

Charlotte Easton
Planning Officer.
