Environmental Health: No objection. See previous comment from this Department in respect of mirror previous planning application, Number Lu/132/14/PL.

Informative.

The future use of the above new space requires closer definition. This will enable assessment against the existing permit and of any consequent variation/other which may therefore prove necessary. Previous discussion with Graham Evans of this Department had included the possibility of new thermal sand reclamation plant. I would be obliged if you would clarify your intent with Joanne Lewis before the time of your next inspection (before March 2018).
