LU/335/18/L

The property is grade II Listed, and is located within the East Street Conservation Area. It was originally built as a school before becoming a religious building, and as such it has always been in public use. These uses have enabled the character, and appearance of the building to remain as originally intended.

The proposal to strengthen the existing joists is of a scale that it will not harm the character or significance of the listed building and can be supported.
