Dear Brett,

I apologise for not responding sooner, but it has taken a while to catch up with e-mails and applications from the Christmas break. The additional information submitted on 04-01-2022 is in the process of being added to the application and County Highways will be re-consulted today.

Once a response has been received from County the application can proceed to be written up. I would anticipate that a response will be received within the next 2 weeks. It is my intention to recommend approval to the scheme, but that recommendation will need to be assessed by other officers in the sign off chain. Once I have written the officer report and drafted the conditions I will need to come to you for agreement to pre commencement conditions. I am also on leave for the first few days of February.

It is therefore very likely that a further EOT will be necessary. I have 9 applications expiring before your application and therefore realistically it is unlikely that a decision will be issued before mid- February . I apologise for this delay. Would you be prepared to agree a further EOT until 09-02-2022 to allow for receipt of highways comments and the drafting of the report and conditions?

Regards
Anita
