3 Description of Development

Variation of condition 2 imposed under LU/139/24/PL relating to approved plans and condition 3 relating to rewording of condition.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to compliance with the following conditions and Section 106 Agreement.

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of the original permission (5.9.23).

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans & statement:

- Location Plan 25011 AA V1 G DR A001A.
- Proposed Site Plan 25011 AA V1 G DR A0005.
- Variation of Condition Revised Layout 25011 AA V1 G DR A0004.
- Tree Survey, Arboricultural Impact Assessment & Tree Protection Plan prepared by 'The Mayhew Consultancy Ltd' (Dated: February 2026) (Notwithstanding the TPB1 shown in Appendix B).

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with Arun Local Plan policies D SP1, D DM1 and ENV DM4.

- 3 The applicant shall, during the next planting season following the felling of the 7 No. Monterey

Cypress trees to the northern aspect of G3, plant 7 No. replacement trees of a species, maturity, and positions to be agreed and approved in writing by the Local Planning Authority.

Reason: To retain trees in the interests of the environment of the locality in accordance with policies D DM1 & ENV DM4 of the Arun Local Plan.

- 4 Prior to any development above damp-proof course (DPC) level, a Biodiversity Enhancement Layout, providing the finalised details and locations of the enhancement measures contained within the Preliminary Ecological Assessment and Preliminary Bat Roost Assessment undertaken by ArbTech (Dated: 28/09/23), and ecological details and dimensions in plan format of the replacement pond hereby approved, shall be submitted to and approved in writing by the Local Planning Authority.

The enhancement measures shall be implemented in accordance with the approved details prior to first occupation of any part of the development and all features shall be retained in that manner thereafter.

Reason: To enhance protected and priority species and habitats in accordance with Arun Local Plan policies ENV SP1 and ENV DM5 and allow the Local Planning Authority to discharge its duties under the NPPF 2023 and s40 of the Natural Environment and Rural Communities Act 2006 (Priority habitats & species).

- 5 The development hereby approved must be constructed in accordance with the mitigation measures outlined in Section 10.0. of the 'Acoustic Assessment & Noise Mitigation Statement Revision A' produced by Architekton Architects dated March 2026.

Reason: To ensure sufficient mitigation against existing noise-generating development and preserve the residential amenity of the occupiers of the development hereby approved in accordance with Arun Local Plan policy QE SP1.

- 6 If during development, any visible contaminated or odorous material, (for example, asbestos containing material, stained soil, petrol / diesel / solvent odour, underground tanks or associated pipework) not previously identified, is found to be present at the site, no further development (unless otherwise expressly agreed in writing with the Local Planning Authority) shall be carried out until it has been fully investigated using suitably qualified independent consultant(s). The Local Planning Authority must be informed immediately of the nature and degree of the contamination present and a method statement detailing how the unsuspected contamination shall be dealt with must be prepared and submitted to the Local Planning Authority for approval in writing before being implemented. If no such contaminated material is identified during the development, a statement to this effect must be submitted in writing to the Local Planning Authority.

Reason: To ensure that the development complies with approved details in the interests of protection of the environment and prevention of harm to human health in accordance with Arun Local Plan policies QE SP1 and QE DM4.

- 7 Prior to occupation of the approved dwelling, the applicant or developer shall provide the dwelling with an electric vehicle charge point in accordance with the Council's standards as set out in its Parking Standards SPD. This requires that where a dwelling has a driveway or garage then one of those parking spaces shall be provided with a charging point, with ducting then being provided to all other spaces, where appropriate, to provide passive provision for these spaces to be upgraded in future. The charge point shall be in accordance with the technical requirements set out in Part S, section 6.2 of the Building Regulations 2010 (as amended). The electric vehicle charge point shall thereafter be retained and maintained in good working condition.

Reason: To mitigate against adverse impacts on local air quality and to promote sustainable travel, in accordance with Arun Local Plan policy QE DM3(c), the Arun Parking Standards SPD and the NPPF.

- 8 No part of the development shall be first occupied until the car parking has been constructed in accordance with the approved site plan. These spaces shall thereafter be retained at all times for their designated purpose.

Reason: To provide car-parking space for the use and in accordance with Arun Local Plan policy T SP1.

- 9 The approved development shall include energy efficiency measures that reflect the current standards applicable at the time of submission and decentralised, renewable or low carbon energy supply systems. Any physical features that are required as part of the works must be installed prior to the occupation of each dwelling/the building and shall be thereafter permanently maintained in good working condition.

Reason: In order to secure a reduction in the use of energy at the site in accordance with national planning policy and Arun Local Plan policy ECC SP2.

Statutory Biodiversity Gain Plan Condition

- 10 **INFORMATIVE:** Based on the information available, this permission is exempt from the requirement to provide a biodiversity gain plan under Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990. The following exemption applies:

This planning permission relates to a development which consists of no more than 9 dwellings; is carried out on a site which has an area of no larger than 0.5 hectares; and consists exclusively of dwellings which are self build or custom housebuilding.

This application is subject to the Community Infrastructure Levy (CIL) as levied under Arun district Council's CIL Charging Schedule as adopted on 15th January 2020.

Shortly you will receive a Liability Notice which includes the calculated charge and person(s) liable to pay. If you have not submitted all the necessary CIL forms such as Assumption for Liability ([Form 2](#)) or any appropriate exemption or relief forms available on the Council's website <https://www.arun.gov.uk/cil> you must do so prior to commencement of your development. Failure to do so would invalidate any claim for exemption or relief. Furthermore, you must remember to submit your Commencement Notice no later than the day before the day on which the chargeable development is to commence. Failure to do so could result in a surcharge of up to £2,500.

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended). The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable

development, as set out within the National Planning Policy Framework.

INFORMATIVE: The granting of this planning permission does not in any way indemnify against statutory nuisance action being taken should substantiated complaints within the remit of the Environmental Protection Act 1990 be received. For further information, please contact the Environmental Health Team: pollution@arun.gov.uk, 01903 737555.

INFORMATIVE: On the basis that no fire hydrants have been proposed as part of this development, it is assumed that an alternative supply of water for firefighting is to be employed. This will need to conform with the details identified in Approved Document-B (AD-B) Volume 1: B5 section 14 and agreed with West Sussex Fire & Rescue Service.

INFORMATIVE: Under Section 23 of the Land Drainage Act 1991 Land Drainage Consent must be sought from the Lead Local Flood Authority (West Sussex County Council), or its agent (Arun District Council land.drainage@arun.gov.uk), prior to starting any works (temporary or permanent) that affect the flow of water in an ordinary watercourse. Such works may include culverting, channel diversion, discharge of flows, connections, headwalls and the installation of trash screens.

The development layout must take account of any existing watercourses (open or culverted) to ensure that future access for maintenance is not restricted. No development is permitted within 3m of the bank of an ordinary watercourse, or 3m of a culverted ordinary watercourse.

INFORMATIVE: This application is subject to a s106 agreement relating to Biodiversity Net Gain self build.

IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT

APPEALS TO THE SECRETARY OF STATE s73

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals should be made on line via Appeal A Planning Decision <https://appeal-planning-decision.service.gov.uk/before-you-start> If someone does not have access to the internet and needs help completing the appeal digitally, they should contact the Planning Inspectorate customer service team on 0303 444 5000 who will provide details of the support options available.

Before making an appeal, you may find it useful to review guidance and watch a video explaining the appeals process at <https://www.gov.uk/government/collections/make-an-appeal-to-the-planning-inspectorate-and-associated-guidance>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West

Sussex County Council for any development within the public highway (including the placing of skips on highway land).
