4, Beach Crescent
Littlehampton
BN17 5NT
31/120.

Dear Sir,

We wish to register our objection to proposed alterations to apartments 37+43 Beach Crescent.

We have no objections to internal changes, however the planned aluminium sliding doors will dramatically change the appearance of our beautiful development.

Once a precedent is set by allowing external changes then any owner cannot apply and expect permissions to be granted.

Within the legally binding terms of all leases in this development we cannot change the style of the UPVC sash style windows installed.

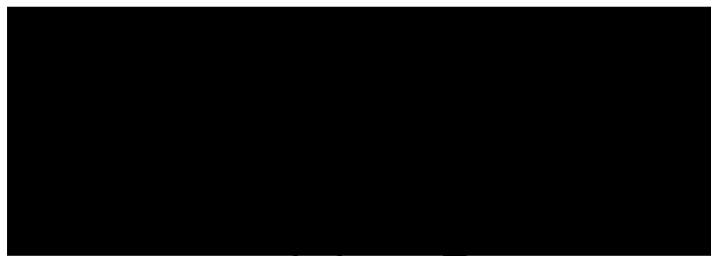

We are proud of the development and know it is much admired by residents and visitors to Littlehampton. Should these permissions be granted then these Georgian style buildings will be marred and devalued.

Yours sincerely,

P.T.O

The yellow notice was displayed in an area available to only a few residence of Beach Crescent we rarely use the area and I feel it should have been displayed on more than one lamp post.
