Flats 34 + 43

January 26 2020

Dear Sir,

I am writing to comment on the plans to combine two adjacent flats where I live. I am extremely concerned that if permission is given for the proposed plan, it will adversely affect the external appearance of this attractive, award winning block of flats. Radical changes, as suggested, will not be possible to reinstate, as they should be, in the future, thus ruining the integrity of the building.

The disruption to residents of noise & damage to the driveway by large vehicles is not acceptable. The lease is very specific & adhered to, as to what is allowed and is contravened by the planned proposal. The acceptance of this plan will set a precedent for future change by anyone else, which have, quite correctly in my opinion, been turned down in the past.

I hope my concerns and views will be logged and considered seriously.

Yours truly,
