Subject: FW: LU/347/18/DOC Land N of Toddington Lane conditions 30 fire hydrants & 39 bus stops

Hi Nicola,

Persimmon Homes (the applicant) wants to amend LU/347/18/DOC to include Condition 39 (bus stops and the specification of real time passenger information at the bus shelters) as well as Condition 30 (fire hydrants).

At the moment, LU/347/18/DOC only deals with the discharge of Condition 30 (fire hydrants).

Please could the description in Ocella be updated?

Thanks,

Michael

Hi Michael

Yes we intend to include additional information in relation to RTP1 at the bus shelters. Sean has made contact with WSCC and requested a specification.

Kind Regards

Rob

Dear Rob,

Do you intend to amend LU/347/18/DOC to include Condition 39 (bus stops and the specification of real time passenger information at the bus shelters) as well as Condition 30 (fire hydrants)?

At the moment, LU/347/18/DOC only deals with the discharge of Condition 30 (fire hydrants).

Kind regards,

Michael

Dear David,

I'm contacting you today about possibly obtaining some contact details within WSCC.

Persimmon Homes wish to discharge outline planning condition 39 that relates to bus stops and the specification of real time passenger information at the bus shelters

If possible we'd be very grateful if you could point us the direction of a contact within WSCC who might be able to advise on this please

Many thanks in advance.

Regards,

Subject: RE: LU/347/18/DOC Land N of Toddington Lane conditions 30 fire hydrants & 39 bus stops [Filed 14 Jan 2019 16:15]

Rob,

"Implementation Programme"

We can't advise on the programme because this is down to PHTV.

"Details of how the stops will be made ready for RTPI"

In order to install RTPI it will need to be to WSCC's specification.

- Type / height of bus shelter,
- Power / telemetry requirements for the RTPI,
- Type of kit to be installed.

WSCC may not have specific guidance so PHTV can make a commitment to provide power and ensure the bus shelter can be fitted with RTPI in the future.

There is probably a dedicated public transport section / team within WSCC who can advise on their RTFI requirements. We don't have this information to hand but we can ask David Lambert from WSCC Highways where it can be obtained.

Regards,

Sean Foley

Sean,

Real time passenger information at bus stops request for info below, I assume relating to West of Wetlands Bus Stops... or PHLITTLE-INT phase 2 area...

Kind regards

Oliver

Subject: FW: LU/347/18/DOC Land N of Toddington Lane conditions 30 fire hydrants & 39 bus stops

Hi Rob,

Please see the email below from Matthew Bartle at WSCC regarding bus stops. Could you provide the requisite information that I have highlighted in yellow?

Kind regards,

Michael

Subject: LU/347/18/DOC Land N of Toddington Lane conditions 30 fire hydrants & 39 bus stops

Dear Michael

I've asked our Water and Access Manager for his views on the fire hydrant proposals and I'll let you know his response when I hear from him.

As far as the bus stop proposals are concerned I note that condition 39 includes the words "For the purposes of this condition the scheme shall include a programme for provision of real time passenger information (RTPI) -ready bus stops". Therefore we're not just looking for the locations of the stops but also an implementation programme and details of how the stops will be made ready for RTPI.

If the applicant makes this information available I'll consider whether to recommend discharge of condition 39 at your request.

Kind regards

Matthew
