Dear Dale,

I acknowledge receipt of the substitute plans and have today re-consulted County Highways. Their target for a turnaround response is 3 weeks and with the Christmas break I doubt that a response will be received by 12-01-2018. Please can you therefore agree to a further extension of time until 26-01-2018?

Regards
Anita

Dear Anita

I write further to our discussion earlier this month regarding your Authority's consideration of the Discharge of Condition application in respect of the Construction Management Plan in relation to works for a bund and landscape enhancement works at Littlehampton Golf Club (approved under LU/208/17/PL).

Further to this conversation, please now find attached an amended Construction Management Plan, prepared by highway consultants Motion. I confirm, that this has been the subject of direct discussion between the highway consultants and WSCC, and so I trust is acceptable.

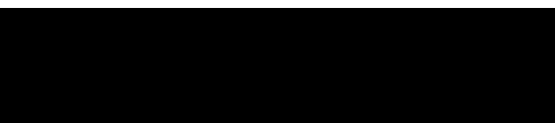

I would be grateful if this could be used to supersede the previous CMP submitted with the original application documentation.

I confirm that this is CMP also relates to the works proposed in relation to the application for improvements to the Golf Practice Range, currently being considered by your Authority under application LU/320/17/PL. Under separate email I will ask that this is added to the application pack for that application, in order to seek to address the comments of WSCC in their email of 02nd November 2017.

I trust that this is all acceptable, but should you require anything further, please do not hesitate to let me know.

Kind Regards

Dale Mayhew

Dear Mr Mayhew,

The consultation response I have received from County regarding the above application refers to the need to consider the details in association with those submitted in respect of LU/320/17. I note that additional information is still awaited in relation to application LU/320/17 and would therefore appreciate your agreement to an extension of time on application LU/349/17/DOC until 12-01-2017 to allow for receipt of additional information and re-consultation.

Regards

Anita Gardner
