Hi Andrew,

Thanks for popping up and clarifying this; as this application is a discharge of condition 3, I have no contaminated land comments. Sorry I missed that in my initial response.

Thank you,

Kate.

Good morning,

A significant proportion of this site has been highlighted as potentially contaminated land due to previous use as a landfill. It is therefore recommended that the full potentially contaminated land condition is added to this application.

Many thanks,

Kate.

Dear Andrew,

I have forwarded this to Kate our contaminated land specialist, for her comment. If you could have a quick look please Kate.

Many thanks

Carol

Hi Carol,

Just chasing up a consultation. The reason you have been consulted is in case the cctv poles proposed would be located or may affect contaminated land. The field was previously in agricultural use so I personally think this is unlikely but we did want to check.

Thank you,

Andrew Wood

Hi Andrew,

This one is with Carol Reynolds.

Can I ask that you check with Karen Boxall or Josh Street if you need to know how has been allocated Planning referrals as I am not always able to get to these requests quickly.

Thanks

Neil
