9th December 2019

Dear Michael,

Town and Country Planning Act 1990 (as amended)
Application for Details Reserved by Condition attached to Reserve Matters
Consent: LU/234/16/RES
Condition 7
In respect of the Fitzalan Link
Planning Portal Reference: PP - 08330466

Condition 7 of reserve matters consent requires details of the 3.5m acoustic barrier to be submitted and approved and a discharge of condition was previously approved under LU/426/17/DOC.

This current application seeks to change the acoustic fence material from a timber fence to the GRAMM system as required by West Sussex County Council. Fundamentally, the new system/material provides a more effective acoustic barrier.

The following information is submitted to support this application:

- Completed application form;
- A planning fee cheque of £116 (via the planning portal).
- The following documentation and drawings is submitted:
 - Noise Assessment by WYG dated July 2016
 - Further noise modelling technical note dated 20th March 2017 (includes assessment of gardens).
 - Approved drawings PHF-MB-s278-GF-DR-D-210-01 P8 and 02 P9 (general arrangement drawings) and A088461 FL1 and FL2 Rev H (approved landscape drawings) which show the location of the noise barrier.
 - GRAMM META SoundBlock Rev 1
 - Acoustic Fence Noise Specification

I trust the enclosed documentation is sufficient to validate and approve this planning condition.

I look forward to receiving receipt of validation and approval in due course.

Yours Sincerely

Robert Clark
Head of Planning
Persimmon Homes Thames Valley
