Dear Michael,

I can confirm that I have no objection to the alternative Gramm Metal Absorptive Acoustic Barrier proposed in this case in that this will meet all previous requirements to protect nearby residents from unacceptable road traffic noise as previously agreed. I would suggest that the final specification is passed to this Department for agreement.

Kind regards

Carol

Hi Carol,

Please find attached a copy of the revised document illustrating the proposed acoustic fencing (LU/366/19/DOC) which will be installed along the Fitzalan Link Road.

Are you satisfied with the proposed acoustic fencing?

I look forward to receiving your response.

Regards,

Michael
