Dear Mr Eastham,

Thank you for your email of 9 December 2021 consulting National Highways (formerly known as Highways England) on the reserved matters application referenced above.

National Highways has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such we work to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. We will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN.

We do not wish to make any representations as a result of the amended description nor alter our position of 30/11/2021 of no objection to this reserved matters application.

If you have any queries regarding this response, please contact us at
