

KEY:

- Existing Highway Boundary
- 2.4 x 43m visibility splay based on Manual for Streets specification for 30mph.
- 3.4 x 43m visibility splay based on Manual for Streets specification for 30mph – NB: 'X' distance increased to 3.4m at Highway/Planner request.
- 11m Forward visibility (as applied to the on-development Phase 1 roads)

NOTES:

Visibility splays indicated are in accordance with M15 guidance and as stipulated by Planner/MSC comment 29.10.18: the 'X' distance of the B6 access junction increased to 3.4m to ensure that there is no restriction to visibility posed by vegetation to the east.
