

HOUSEHOLDER DEVELOPMENT PROPOSALS REQUIRING PLANNING PERMISSION ONLY

Introduction

In order to ensure the efficient validation and processing of householder planning applications it is necessary that the correct information is submitted. The purpose of the Householder Validation List is to make clear to Applicants what information is required to meet National requirements and what information is required to meet Local requirements as set out below.

Boxes must be ticked to indicate information being provided

DRAWINGS – Drawings are preferred at A4 or A3, however where this is inappropriate larger drawings are acceptable.

All drawings **MUST** include the following information:

- The scale of the drawing must be a metric scale (e.g. 1:100, 1:200).
- Indicate the direction of North on location plan

3 copies of all documentation relating to the application should be submitted **EXCEPT** if the application is submitted electronically when a single copy is sufficient.

NATIONAL REQUIREMENTS

Documents that must be included with your application:

ITEM	YES	NO
Correct Fee	e/CARD	
Application Form, signed (unless submitted electronically) and dated	✓	
Ownership Certificate: (see A-D below)	✓	
A (included in Application Form: the applicant owns the land) OR	✓	
B the applicant does not own the land but has served certificate of notice on owner) OR		
C the applicant does not own the land, is unable to issue certificate but has notified owners) OR		
D the applicant does not own the land, is unable to issue certificate and is trying to ascertain the names and details of the owner)		

1 December 2013

4. Applications that relate solely to work to provide a means of access for disabled people to a building to which the public are admitted.
5. i) One revised application for planning permission for development of the same character or description relating to the same site or part thereof, by the same applicant, within 12 months of:
 - a) the date of grant of permission of an earlier application;
 - b) the date of refusal of an earlier application (including dismissal at appeal);
 - c) the date of submission of an earlier application which was withdrawn before a decision note was issued or;
 - d) the expiration of the prescribed period for determining an earlier application where an appeal has been submitted to the Secretary of State against the failure of the Local Planning Authority to determine that application.
- ii) One revised application, for approval of one or more reserved matters relating to the same site or part thereof and to no other land, by the same applicant, for approval of the same reserved matters of the same outline planning permission, within 12 months of:
 - a) the date of approval of an earlier application;
 - b) the date of refusal of an earlier application (including dismissal at appeal)
 - c) the date of submission of an earlier application which was withdrawn before a decision note was issued or;
 - d) the expiration of the prescribed period for determining an earlier application where an appeal has been submitted to the Secretary of State against the failure of the Local Planning Authority to determine that application
- iii) A revised application for display of an advertisement relating to the same site and description, by the same applicant within 12 months of:
 - a) the date of refusal of an earlier application;
 - b) the date of submission of an earlier application which was withdrawn before a notice of decision was issued.

Provided that;

- The correct fee was paid in respect of the earlier application;
- If the earlier application was in full then the revised application is also in full and likewise for outline;
- The revised application includes no additional land (other than may be necessary to provide alternative means of access).

Other applications not attracting a fee:

- Listed Building Consent
- Planning applications for demolition of unlisted buildings in conservation areas where the application relates solely to development which is relevant demolition (within the meaning of section 196D of the Town & Country Planning Act 1990)
- Applications to lop, top or fell trees sited in a Conservation Area or subject to a Tree Preservation Order.
- Hedgerow Removal Notice under the Environmental Act 1995 and Hedgerow regulations 1997.

Area Measurements

0.1 Hectare = 1,000 sq metres
 1 Hectare = 10,000 sq metres

Conversion Table

Hectares to Acres = x 2.471 (i.e. 0.1 of a hectare = 0.2471 acres or 1000m²)
 Square metres to square feet = x 10.76 (i.e. 40m² = 430.4ft²)
 Charges with effect from 22nd November 2012 (As amended 31 July 2014)

Location Plan 1:1250 in urban area 1:2500 if necessary in rural areas (Plans should show two named roads and surrounding buildings. The application site must be edged with a red line including all land necessary for the development. A blue line must be drawn around any other land owned by the applicant, close to or adjoining the application site)	✓	
Block Plan scale 1:500 or 1:200 and should show a) the direction of North; b) the proposed development in relation to the site boundaries and other existing buildings on the site with any new buildings/work to be clearly indicated on the plan (hatched, highlighted or clear written dimensions). Written dimensions to boundaries are to be included to assist with the understanding of development and its relationship to neighbouring properties. If it is more practical such dimensions can be indicated on other plans but must be provided within the application drawings. Dimensions are not required for front porches, dormer windows/roof light proposals. c) all the buildings, one named road and footpaths on land adjoining the site including access arrangements; d) all public rights of way crossing or adjoining the site; e) the position of all trees on the site, and those on adjacent land that could influence or be affected by the development; f) the extent and type of any hard surfacing and provision of drainage g) boundary treatment including walls or fencing where this is proposed	✓	
Existing & Proposed Elevations scale 1:50 or 1:100 Existing elevations must be provided. Proposed works should be clearly shown in relation to what is already there. Where a proposed elevation adjoins another building or is in close proximity to it, the drawings should show the relationship between the two buildings		
Existing & Proposed Floor Plans scale 1:50 or 1:100 Existing floor plans must be provided. Proposed works should be shown in relation to what is already there. Where necessary details of existing walls or buildings to be demolished should be indicated. Where a proposal adjoins another building or is in close proximity to it, the drawings should show the relationship between the two buildings.		
Existing & Proposed Sections & Finished Floor levels 1:50 or 1:100 Cross sections are to be provided where there is a change in ground levels. Drawings should include details of existing and finished levels and where applicable the relationship with neighbouring development.		
Existing & Proposed roof plan 1:50 or 1:100		

LOCAL REQUIREMENT

You need to check whether you require this. If you need it and fail to provide it your application will be invalid and cannot be processed:

Flood Risk Assessment (FRA)		
Is your property located in Flood Zone 2 or 3? The Environment Agency has produced a map called Flood risk map for rivers and sea to identify the flood zones. This can be found at this link http://www.environment-agency.gov.uk/research/planning/93498.aspx		

1 December 2013

If you are located in Flood Zone 2 or 3 you will need to provide a Flood Risk Assessment and further information on what is required can be found on the useful table in the link below http://www.environment-agency.gov.uk/research/planning/93498.aspx		
Lidsey Foul Water Treatment Catchment Area Does the development fall within the Lidsey Foul Water Treatment Catchment Area? Check by clicking on this link http://www.arun.gov.uk/documentHandler.cfm?dId=20889&pflag=docm93jijm4n20889 If the development is in the Lidsey Foul Water Treatment Catchment Area, please confirm in writing whether or not you are connecting to mains drainage. If you are not connecting to the mains, you will need to provide a full environmental assessment in accordance with Circular 03/99 as agreed at Full Council on 11 January 2012. All applications or development proposals involving non mains foul water drainage will be held invalid unless they are accompanied by a full environmental assessment.		

Other items to consider when making your application (failure to provide this information will not make your application invalid but it is likely that the Council will not have enough information to determine your application, which may mean your application would have to be withdrawn or refused):

Will your proposal involve building, excavation, movement of vehicles or storage of materials within 5 metres of the crown spread of any tree? If yes, please provide a plan (Scale 1:200), accurately showing the position of the tree(s) in relation to the proposed works and an assessment of the implications for the work on the tree(s).		
Is your proposal for a wind turbine(s) and/or solar panel(s)? If yes, please provide the manufacturer's specification (including noise levels measured in decibels for wind turbines).		
Does the proposal involve the formation of a new vehicular access? If yes, please provide a plan (Scale 1:100 or 1:200) showing the dimensions and the position of the new access and a plan (Scale 1:100 or 1:200) showing the dimensions and the visibility splays of the new access.		
Does the proposal involve the provision of new car parking? If yes, please provide a plan (Scale 1:200) of the parking layout, including the number of spaces.
