Thankyou for the consultation.

The views of the **Arun District Conservation Area Advisory Panel** are as follows:

No Objection

The replacement of the pvcu window with a timber one (assumed to be painted white) is welcomed.

Given the regency style of the building, a vertical sliding sash window would be more appropriate than the top hung example proposed but there are limited views of the east elevation from public areas within the conservation area. It is assumed that the majority of the remaining windows in this elevation are top hung sashes but if they are vertically sliding sash windows then the Council should insist on the latter type for the replacement window.

Brian Banister
