Dear Molly,

No response has been received from environmental health. The environmental health officer is out of the office until 01-04-2020. A response will not be received before then. Can we agree to an extension of time until 09-04-2020 to allow for receipt of her comments and writing and signing of the officer report?

We are all working remotely at the moment and are having issues all accessing all of the systems all of the time, so there are unfortunately some delays, although we are endeavouring to carry on providing a service as close to normal as possible.

Please can you provide your agreement to EOT by 31-03-2020?

Regards

Anita

Dear Anita,

Please could you confirm whether a response has now been received from the Environmental Health Officer?

I am conscious that the determination date is next Wednesday. Please could you advise whether you expect that there will be a delay given the current circumstances or whether you are working to normal timescales?
