

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Subject: Tree preservation order

Dear Zoe,

I have just seen the notice to reduce the magnolia tree outside of flat 58 Norfolk road. I live next door (60c) my garden is next to 58. I have no sunlight in my garden due to the size of the tree. Last summer was very disappointing as it was not enjoyable to sit in the garden with no warm sun or sunlight even on the warmest of days as the tree completely blocks any light getting into my garden. This also affects the amount of light I receive through my lounge window. Although I am glad to see the size will be reduced, can you consider reducing it right down so it's just a stump?

Apologies for missing the deadline with lockdown I have been isolating and not aware of the notice. The notice is placed outside of number 56 so unfortunately it was only noticed today.

Thank you for your consideration

Kind regards

Hayley Dunk
