If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title: First name: Surname:

Reference:

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

A pre application was submitted in March 2017 with the following positive comments received:

"The principle of a three storey building with ground floor retail use and first and second floor residential accommodation is considered acceptable given the character of the surrounding area."

"Given the location of the site abutting the Conservation Area and the neighbouring listed buildings it is important that consideration is given to the design, fenestration and materials used in the construction of the proposed replacement building."

"Details of materials should reflect the established character of the locality."

"I conclude that were an application for planning permission to be submitted it would be likely to be recommended for refused for the following reasons:

- The proposed building by virtue of its design and location would give rise to unacceptably adverse overlooking and overbearing impacts on neighbouring properties to the north and west of the application site in conflict with policy GEN7(iv) of the Arun District Local Plan.

- The 1 bedroom 2 person flats hereby proposed are considered to provide insufficient accommodation resulting in unacceptable harm to the residential amenity of future occupiers contrary to policy D DM2 of the Arun Local Plan (2011 - 2031) Publication Version (October 2014) and the National Planning Policy Framework.

- The proposed development would fail to provide sufficient private residential amenity space in conflict with policy D DM3 of the Emerging Local Plan."
