Dear Mr Crowther,

As requested, here are the measurements of the height and spread of the 3 x Macrocarpa trees after pruning.

Height:- 10 metres

Spread:- 5.5 metres across (treating all 3 trees as one length as they are too close together to measure the spread individually)

Could you confirm receipt of this email and also confirm that the application is now being fully processed.

If you require any further details please let me know.

Regards

Mark Alden
