Hi Anita,

Further to our emails below, please find attached correspondence responding to the comments made during the consultation period. Also attached is an updated Proposed B2 Retail Floor Plan (Rev A) and a Technical Note from Fore on highways which picks up the request for additional information from WSCC. We appreciate you will need to re-consult on both items, and it would be helpful if you could please advise on the timescales for this.

If you have any queries on the content of the letter, either Graeme or I would be happy to talk you through this over the phone. We can also then catch up on the progress of the application generally.

I look forward to hearing from you.

Kind regards

Susie Stephen

Hi Susie,
I haven't received any comments to date. I would hope that they will be provided within the next 2 weeks. They will be uploaded on our website when they are received

Hi Anita,

Have you yet received any comments from the Council's Conservation Officer on this application that you can share with us?

If not, are you able to provide an indication as to when you expect to receive these?

Many thanks

Kind regards

Hi Anita,

Thanks for your email and understood. We will provide you with a summary of the the key issues raised by the consultation and our response to these and then perhaps we could have a discussion over the phone to run through these?

We'll aim to get this over to you by the end of the week.

Many thanks
Susie

Hi Susie,

I apologise that I have not got back to you sooner, but I wanted to discuss the possibility of a meeting with my Team Leader before responding to you. I have now checked with him and given the resources available and current officer caseloads I cannot agree to your request. The application follows pre application advice when meetings have taken place and the application will proceed to determination on the basis of the information submitted.

Regards

Hi Anita,

Further to my email below and voicemail of last week, would it be possible for you to come back to me with some potential dates for us to meet with you to discuss the application? We've suggested the 6th march below but we can be flexible on this.

I look forward to hearing from you.

Kind regards
Susie

Hi Anita,

Hope you are well.

In respect of the above, now that it would appear that the majority of consultation responses have been received (although we note that the Council's Conservation Officer has yet to respond), would it be possible to come and meet with you to discuss the application in more detail? Graeme and I could make anytime on **Wednesday 6th March** if that would suit you?

I look forward to hearing from you.

Kind regard
