Subject: Planning Consultation on: LU/411/21/PL

Dear Sir/ Madam,

Change of use from existing leisure use to 10No. 1-bedroom 1 person supported living apartments (LU/411/21/PL)

**90-91 South Terrace,
Littlehampton,
BN17 5LJ**

Coast Protection have no objection to the application. Please reconsult the Environment Agency to ensure that the Flood Risk Assessment still meets the requirements set out in the National Planning Policy Framework. The product 4 data referred to in application LU/197/17/PL is dated as 24.11.2014 and new modelling may be able.

Other general comments that may be of interest to the Applicant are as follows:

- There can be no guarantee that homes situated next to the sea are 100% safe. Living close to any expanse of water always carries some level of risk; homeowners should be aware of this and should take appropriate precautionary measures if they consider it necessary.

- The Environment Agency flood maps indicate that the proposal is located in Flood Zone 3. It should be understood that the mapping provided by the Environment Agency is indicative and subject to change as new information / modelling becomes available.
- The Environment Agency have produced National Coastal Erosion Risk Mapping. This dataset provides detail on the predicted erosion rates for the short, medium and long term, along with the Shoreline Management Plan for each epoch.
<https://environment.maps.arcgis.com/apps/webappviewer/index.html?id=9cef4a084bbb4954b970cd35b099d94c>
- The Beachy Head to Selsey Bill Shoreline Management Plan (SMP) provides a high level assessment of the risks associated with coastal evolution and presents a policy framework to address these risks. <http://www.se-coastalgroup.org.uk/wp-content/uploads/2013/10/Beachy-Head-to-Selsey-Bill-SMP-FINAL.pdf>
- The Rivers Arun to Adur Flood and Erosion Management Strategy sits below the SMP and suggests how best to manage coastal flooding and erosion risk over a 100 year strategy period for smaller lengths of coastline. The Strategy has identified shortlisted options on how this can be achieved, provided funding is available. Full documentation can be found at: [Rivers Arun to Adur Flood and Erosion Management Strategy 2010-2020.pdf - Google Drive](#)
- Living and building on the Coast In Arun <https://www.arun.gov.uk/living-and-building-on-the-coast>
- The Government's current strategy for funding capital works (e.g. major groyne replacement schemes) is known as Partnership Funding. If or when any Partnership Funding might be required direct beneficiaries of the defence are likely to be approached. I.e. those likely to be at risk from flooding or erosion within the timescale of the scheme. I have provided a link which explains partnership funding in greater detail - <https://www.gov.uk/government/publications/flood-and-coastal-resilience-partnership-funding>
