Dear Mr Jovanovik

I am dealing with your application for a lean to structure, it has come to our attention that the application does not provide proposed elevations. In order to determine the application we will requires front and side elevations of the lean to drawn to a scale of wither 1:50 or 1:100.

Given the timescale we would ask if you can e mail these to me ASAP and also agree an extension of time until 28 March 2018 to allow us to determine the application, however, if the plans are submitted sooner we should be able to determine the application before this new deadline.

Please can you confirm agreement to the extension of time by return e mail

Thank you

Mark Jones
