Subject: 14 South Terrace - Plaster Revision

Dear Anita,

Re:- Planning Application LU/422/17/PL
And
Listed Building Application LU/423/17/L

I refer to our telephone conversation last week following my discussion with your Conservation Officer in respect of the above. Having referred her comments to Planit Preservation, the specialist contractor carrying out the remedial works to damp ingress, I enclose their revised report and proposals dated 8th March 2018. This allows for the removal of any offending material, and renewal of wall finishes in lime plaster, which I trust is acceptable.

I hope we can agree this is a minor technical revision, which doesn't affect the general principal of the application. However, if you have any queries, or require any further information, please do not hesitate to contact me.

Kind regards, Martyn Gibbons
