Dear Anita,

We have literally just had a call back from the client, the ecologist has made a site visit and we are now just waiting on the written report. I have left a message for the ecologist to find out when this might be ready and I will be back in touch shortly.

Kind Regards

Debra

Dear Anita,

We have tried to contact the customer further to your E-mail below, but to date haven't been able to get hold of him, therefore it could be possible that he is currently on holiday and hasn't yet seen our request. Is it possible you could please delay the date of when the information is required?

I look forward to hearing from you.

Kind Regards

Debra

Dear Mr McMillan,

I am the case officer dealing with the above planning applications. Having visited the site I note that some of the site is overgrown and there are hedges and a large lake/pond within the site that would be altered/reduced in size by the proposal.

Without prejudice, I would therefore appreciate receipt of a protected species survey within the next 21 days, to enable the ecological impact of the development to be fully assessed.

Yours sincerely
Anita Gardner
