CONCLUSIONS

PRINCIPLE

In this case, the key policies are deemed to be D DM1 and D DM4 of the Arun Local Plan. Additionally, the National Planning Policy Framework.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Section M of the Arun Design Guide refers to householder extensions. Extensions should respond to and complement the existing character and appearance of the building and wider townscape in terms of scale, massing. It is considered this is achieved, with the addition appearing well integrated and sympathetic in design to the host dwelling.

DESIGN AND VISUAL AMENITY

Due to the siting of the extension, it will not have any significant presence within the street scene or within the locality of the host dwelling. Furthermore, by virtue of the design and scale of the proposed extension it is considered to be a well integrated and subservient extension to the host dwelling. As a result of these factors, it is not considered to result in any harmful impact upon the character of the host dwelling or its locality. The proposal is considered to be in accordance with D DM1, D DM4(a) and (b) of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The proposed extension will be situated approximately 30cm from the northern boundary of the site. The extension runs along the blank gable end wall of the neighbouring dwelling. The proposal by virtue of its design and location is not considered to give rise to any unacceptably adverse overbearing, overshadowing or overlooking impacts. The proposal is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

HUMAN RIGHTS ACT

The Council in making a decision should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as Arun District Council to act in a manner, which is incompatible with the European Convention on Human Rights.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

Duty under the Equalities Act 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).

The proposal would have a neutral impact on the protected characteristics.
