Hi Sian,

I managed to get a hold of a scanner. Please find attached a scanned copy of the plan.

Please let me know what are the next steps.

Thanks,

Paulo

Hello

We have tried to remotely convert this for you however with no luck, the plan itself looks fine. If possible would you be able to send the paper copy of the plan to us at:

Sian Eggington

[REDACTED]

We can arrange for someone to scan the plan in and it can then be uploaded.

Apologies about this

Sian

Hi Sian,

I have finally got round to doing the plan, I have attached it for you. I am unable to send it as a pdf because I do not have access to a scanner. Please let me know if this fulfills all the requirements.

Thanks,

Paulo

Hello

That would be fine if you just draw a line and annotate it saying 'front of house' or something like that then that would be fine as we don't need the actual house in the drawing. I can only set deadlines for 2 week periods however if every 2 weeks you email me keeping me up to date with the progress and ask for a further extension of time then that would be fine and I will be able to update our system accordingly.

Kind regards

Sian

Hi Sian,

Thanks for the feedback, it appears i will have to start back at square 1 with the driveway plan. I think it is best if I do manually draw it using the 1:50 scale.

Would I be able to just draw the front garden (Drive), the pathway and the road instead of having to draw/ include the whole house as well?

Could we also set the deadline for 30th April 2020?

Kind Regards,

Paulo

Hello

The scales aren't measuring correctly, it might be easier drawing it by hand using the scale 1:50 here the measurements would be

5.3m = 10.6cm

1.6m = 3.2cm

4.8cm = 9.6cm

2m = 4cm

This might be slightly easier to get the measurements correct.

If you see our measurements below in red at the scale 1:200 they appear to be quite far off the measurements shown and the council only allow a 0.3 tolerance.

Kind regards

Sian

Hello,

I have re-attached the driveway plan and edited it to show what the lengths are in Metres, I have also used a website that calculates the length using the 1:200 scale. It seems that the lengths are the same as it was before.

Could you tell me if the lengths seem way off or if they are just being calculated wrong?

Kind Regards,

Paulo

Hello

Yes the deadline has been extended for another week, if you need any more time please let me know

Kind regards

The Hillingdon Team

Hi Sian,

I will revise the plan and send it over to you tomorrow afternoon. Could you also tell me if the deadline has been extended?

Kind Regards,

Paulo

Dear Sir [REDACTED]

Thank you for your email, however the driveway plan isn't measuring to scale of 1:200. If you are having trouble drawing the plans to scale you can make an appointment with a planning officer at the council who will be able to help you.

Kind regards

Sian Eggington

Hi Sian,

I spoke to you on the phone on 25th February 2020. Thank you for sending over the example, i have created a plan called Driveway Plan and updated the Location Plan. Lastly I give you permission to update the dates on the application.

I have also attached the letter so the email makes sense, please let me know if you would like anything else.

Kind Regards,

Sian Eggington
