Dear Mr Banister

**Re: Former Littlehampton Indoor Market, 26-30, Surrey Street, Littlehampton**

I refer to your e-mail dated 8<sup>th</sup> April 2009, together with attachments relating to a planning application at the above location.

I have now had an opportunity to examine the detail within the application and indeed revisit my previous comments dated 1<sup>st</sup> July 2008. I have concluded that my previous comments are still valid in their entirety.

It would appear that the permeability concerns are still being addressed and I am therefore still satisfied that if my previous comments are still met that approval would be given under the Secured by Design scheme following a final inspection.

I thank you for giving me the opportunity to comment further.

The drop down security bollards need to be carefully sited to ensure that they cannot be by-passed over the pavements or adjacent planted areas.

This letter has been copied to the applicant or their agent who is asked to note that the above comments may be a material consideration in the determination of the application but may not necessarily be acceptable to the Local Planning Authority. It is recommended, therefore, that before making any amendments to the application, the applicant or their agent first discusses these comments with the Local Planning Authority.

Yours sincerely

Peter Hardy  
Crime Prevention Design Adviser

Mr B Banister  
Planning Control
