Dear William,

There are 6 objections from neighbours and the TC comment states :

The Town Council's Planning and Transportation Committee considered this application at their meeting held on Monday 28 March 2022 and object to the application. In view of the listed status of the building and its proximity to the East Street Conservation Area, the Town Council objects to the plans on the grounds that the mesh fencing at rear would have a detrimental impact. The Committee would however be happy to review this decision if a proposal more sympathetic to the conservation area and status of the building were to be submitted.

All representations received can be viewed on our website.

Regards
Anita

Good afternoon Anita,

Thank you for making me aware. Would it be possible to understand what the objection relates to? I believe I have received communication from a local resident voicing concerns in relation to the fencing panel specified to the rear of the site. Is this the objection that has been submitted?

Dear Mr Letchford,

The above applications have received an objection from the Town Council and will therefore need to be determined at Planning Committee. The next available meeting is on 25-05-2022 so I would appreciate your agreement to an extension of time on the applications until 27-05-2022. Please can you confirm your agreement as soon as possible?
Regards
