Good afternoon Peter,

Please take this email as confirmation of our wish to withdraw the above application in line with what we have discussed; the requirement for a flood risk assessment ~~being the~~ key factor.

I will be further combining all three previous planning approvals also (which include approved staircase, approved bin and bike store and approved solar technologies) prior to resubmitting, ultimately covering everything under the one title.

I look forward to speaking with you shortly.

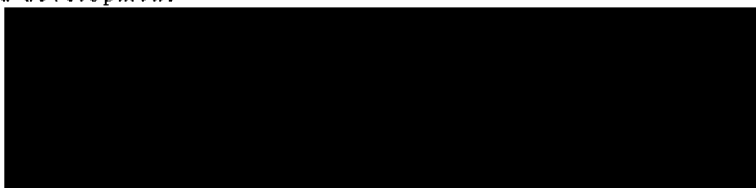

Kind regards,

Scott Currie
