CAUTION: This email originated from outside of the organisation. You should take extra care when clicking links or opening attachments - if you are unsure the content is safe contact the IT Helpdesk before clicking or opening.

Good morning to both departments as listed above.

I am emailing you in relation to the above planning application. I live in nearby Maxwell Road. Local residents are absolutely horrified that an application has been made for the above development and also that the park is apparently considered as 'surplus to requirements' by your offices.

As you may be aware, our area is densely populated with terraced housing with small gardens. There are many young families here, also older people etc. This is our only safe green space within walking distance.

What we would like to know is

Have you actually visited the park?

Who decided our park is 'surplus to requirements'??????

Have you consulted local residents?

I walk over there regularly. Indeed, this morning it was just beautiful there. Calm, peaceful, birds were singing in the trees which are proposed to be cut down. It's a small oasis in the middle of industrial units and dense housing. Local children who do not have room to play in the small gardens nearby regularly meet up to play football etc safely. To build on any part of the park would severely detract from residents being able to enjoy the park.

I am hoping that you will support our objection to any type of building going up on our park.

PLEASE PLEASE SAVE OUR LOCAL PARK

I look forward to hearing back from you.

Best wishes, Heather Ross. Maxwell Road, BN17 7BN
