25th March 2011

Dear Sir/Madam

The Town and Country Planning Act 1990 (as amended)

Construction of the "Fitzalan Link Road" between the A259 Worthing Road & the East Street/Fitzalan Road roundabout - This application affects a Public Right of Way
Fitzalan Link Road Littlehampton

Thank you for your internet representation made on 25th March 2011 which has been recorded as an objection with the comments as follows:

I object to this planning application on the grounds that it will materially affect my right to enjoy my property in peace and with security. The noise and pollution caused by the proposed road will not allow me to enjoy my garden, will force me to live behind closed windows, and my security will be threatened by the ease of access to rear gardens and the ease of escape via the new road. In addition the plans show private property - my and neighbours garage spaces within the boundry of the development. This is private property and no effort has been made to query if it is for sale to the developers, they appear to have stolen it. the new entrance to the school from the proposed road will encourage the use of Highdown Drive as a drop off point for innumerable children, bring more cars, pollution and noise to Highdown drive twice a day, which will have a terrible impact on our ability to enjoy our front gardens and create a road hazard. The change in air quality, due to the traffic fumes and dust created by this proposed road will have an impact on my health, and the noise will not allow even a reasonable night sleep both of which will have a detrimental affect on the health and wellbeing of residents. this road is not needed and never has been.

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and may publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning
