

Pls upload subplans and eot agreement

Mr Wood,

In line with the comments received from the conservation officer and the town council for the above applications, as well as our subsequent conversations, please find attached updated drawings to suit.

As discussed we agree to an extension of time to the application up to the 26th June 2020, with the hope that we can conclude the application beforehand.

Let me know if you require anything further.

Kind Regards
