POLICY COMMENTARY

The above policies combine to describe the relevant control criteria against which this application will be determined in particular with regard to visual amenities.

COMMENT ON CONSULTATION RESPONSES

Noted.

COMMENT ON REPRESENTATIONS RECEIVED

The comment from the Town Council is not understood as this site is within an allocated housing site and has received a planning permission for 393 houses. The application purely relates to amendments of house designs within an approved housing site.

ASSESSMENT OF PROPOSAL

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

The proposal is considered to comply with relevant Development Plan policies in that The proposal is considered to comply with relevant Development Plan policies in that the house types will be acceptable in this location and contributes to the visual amenities of the site as a whole.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

This application relates to changes to house design on plots as specified. The designs are considered to be acceptable within the new approved housing allocation and some of the plots also offer the provision of conservatories.

The houses will not result in any demonstrable overlooking, overshadowing, etc., than those previously approved and indeed are of the same orientation then those approved.

It is therefore recommended that the application be approved subject to the conditions set out overleaf.

RECOMMENDATION

Approve Conditions

1 The development hereby permitted shall begin before the expiration of three years from the date of this decision.

2 This permission shall refer only to the following drawings: TLL 001 Rev X; 450-461; 150-159; D1343.L.100C, 110C, 120D and 130D; TLL100; 101A; and 201A; 103 and 203; 105A and 205A; 106A and 206A; 107 and 207; 108-110 and 208-210; 111A-113A and 211A-213A; 114-115 and 214-215; 116A and 216A; 117-119 and 217-219; 120A and 220A; 170; 270; 271; 250-253; 254A-255A; 256-257; 258B; and 259.

3 No development shall be carried out unless and until a schedule of materials and finishes and samples of such materials and finishes to be used for external walls and roofs of the proposed buildings and ground/hard surface treatments have been submitted to and approved by the Local Planning Authority and the materials so approved shall be used in the construction of the buildings.

4 No development shall take place until details of all screen walls and/or fences have been submitted to and approved by the Local Planning Authority and no dwellings/buildings shall be occupied until such screen walls and/or fences associated with them have been erected. Thereafter no fence, wall or other means of enclosure shall be erected forward on any building fronting onto a highway, footpath, courtyard or open space, without the prior written approval of the Local Planning Authority. This condition shall apply notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995, as amended, or any Order revoking or re-enacting that Order.

5 No development shall commence until the following details have been submitted to and approved in writing by the Local Planning Authority, including a development programme which shall set out a timetable for the provision of each of these on-site:-

(a) the provision and making available for occupation of affordable housing units as part of a programme for the overall housing development at the site,

(b) the detailed design of ponds, including safety provision and ecological enhancement including subsequent management and maintenance, and arrangements for making the ponds available for use,

(c) the detailed design of the Sustainable Drainage Scheme including levels, sections, profiles, capacity, details of its operation, construction and subsequent management and maintenance,

(d) the arrangements for disposal of foul water drainage from the development,

(e) details of play areas and open spaces including equipment and safety provisions and subsequent management and maintenance, and arrangements for making these available for use on a phased basis,

(f) details including the location of signs and their maintenance, which are to be erected during the course of developoment of the site to show the position of each play area, including the period during which each sign is to be retained and maintained,

(g) details of the surfacing, lighting and signage of all footpaths and cycle routes on the site, and arrangements for making these available for use,

(h) details of recycling facilities, and arrangements for making these available for use,

(i) details of crime reduction measures to be used to ensure that the development adheres to 'Secured by Design,'

(j) the siting of any developer storage compound(s), including measures to be taken to minimise the visual impact, pollution, noise and light polution and including a stated date for removal,

(k) existing and proposed site levels (including levels taken from adjoining land outside the site), and the slab levels of each building,

(l) measures to be taken to minimise light pollution during the course of development,

(m) amended elevation drawings of Block A to reflect Site Plan TLL-001, Revision X,

(n) a wildlife/reptile mitigation strategy, including any physical works or arrangements for ongoing maintenance or management.

Development shall only proceed in strict accordance with these details and provision shall be made on-site in accordance with the timetable and arrangements for making the facilities available for use as approved, unless the Local Planning Authority gives

6 There shall be no alteration of raising of ground of slab levels without the prior written approval of the Local Planning Authority and the development shall proceed only in accordance with the details of levels as approved under condition 5 of this notice of permission.

7 No work for the carrying out of the development hereby permitted shall be undertaken on the site on any Sunday, bank or public holidays or at any other time except between the hours of 0730 and 1800 Mondays - Fridays and 0800 and 1330 on Saturdays.

8 Prior to the commencement of development details of noise attenuation measures shall be provided to and approved in writing by the Local Planning Authority. This shall include the following:-

(a) a phasing plan to show the order in which dwellings are to be constructed and occupied relative to the timing of the provision of the noise attenuation measures,

(b) detailed drawings of any noise barrier/acoustic fencing including its position, height, extent, design, appearance, specifications and acoustic performance,

(c) acoustic glazing and ventilation which shall be installed in dwellings which are to be identified in the phasing plan.

The development shall proceed only in accordance with the details and phasing plan thus approved and no dwelling subject of the phasing plan shall be occupied until the noise attenuation measures approved for that phase have been fully implemented, unless the Local Planning Authority gives prior written approval for any variation.

9 The noise attenuation measures approved under condition 8 of this permission shall be implemented and thereafter retained in a good state of repair unless the Local Planing Authoirty provides prior written approval for any variation.

10 No development shall take place on the site until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted to and approved in writing by the Local Planning Authority.

11 A minimum of 14 days written notice of the commencement date of development, by carrying out a specified operation, shall be given to the Local Planning Authority.

12 No dwellings shall be occupied on the site until the access roads within the development have been constructed in accordance with the approved plans. The accesses from the site to the public highway shall be designed, laid out and constructed with kerb radii, visibility splays and sight lines in all respects in accordance with the approved plans unless the Local Planning Authority gives its written consent to any variation.

13 The development hereby permitted shall not commence until details have been submitted to and approved in writing by the Local Planning Authority of measures to prevent surface water discharging onto the highway. Development shall be carried out in accordance with the approved scheme of details.

14 No dwelling shall be occupied until vehicular and pedestrian access therefrom to the road network, the parking spaces, turning facilities and garages serving it have been constructed and provided. Details of which parking spaces and turning facilities serve individual dwellings shall first be submitted to and approved in writing by the Local Planning Authoirty. The areas of land so provided shall not thereafter be used for any purpose other than the parking, turning and garaging of vehicles.

15 No construction work shall be carried out on the site unless and until an effective vehicle wheel-cleaning facility has been installed in accordance with details approved by the Local Planning Authority and such facility shall be retained in working order and operated throughout the period of work on the site to ensure that vehicles do not leave the site carrying earth and mud on their wheels.

16 Prior to the commencement of development, a plan shall be submitted to and approved in writing by the Local Plannning Authority, to show the provision of a lay-by for a mobile library, this shall include arrangements for ensuring that the lay-by is kept permanently available for the parking and use of the mobile library. The development shall proceed in accordance with the details thus approved.

17 No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a scheme of landscaping, which shall include indications of all existing trees and hedgerows on the land, the details of any to be retained, together with measures for their protection in the course of development.

18 All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority gives written approval to any variation.

19 No development shall take place on the site unless and until all existing trees to be retained have been protected by means of a fencing to be erected in accordance with BS5837 : 'Trees in relation to construction'. No hard surfacing or changes in ground level shall take place within the fenced areas unless the Local Planning Authority gives its prior written consent.

20 Development shall not begin until a scheme to deal with contamination of the site has been submitted to and approved in writing by the Local Planning Authority. The above scheme shall include an investigation and assessment to identify the extent of contamination and the measures to be taken to avoid risk to the public and the environment of the locality when the site is developed. Development shall not begin until the measures approved in the scheme have been implemented.

21 None of the dwellings shall be occupied until the surface water drainage works have been completed in accordance with details to be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved scheme of details.

22 Prior to being discharged into any watercourse, surface water sewer or soakaway system, all surface water drainage from parking areas and hardstandings susceptible to contamination shall be passed through an oil separator designed and constructed to have a capacity compatible with the site being drained. On-going maintenance of the interceptor shall be provided in accordance with the manufacturer's instructions.

23 Any facilities for the storage of oils, fuels or chemicals during the duration of construction works shall be sited on impervious bases and surrounded by impervious bund walls. The volume of the bunded compound shall be at least equivalent to the capacity of the tank plus 10%. If there is multiple tankage, the compound shall be at least equivalent to the capacity of the largest tank of the combined capacity of interconnected tanks plus 10%. All filling points, vents, gauges and sight glasses shall be located above within the bund. The drainage system of the bund shall be sealed with no discharge to any watercourse, land or underground strata. Any associated pipe work shall be located above ground and protected form accidental damage. All filling points and tank overflow pipe outlets shall be detailed to discharge downwards into the bund.

24 Notwithstanding the provisions of the Town and Country Planning Act 1990 as amended, or the Town and Country Planning (General Permitted Development) Order 1995, as amended, to any Order revoking or re-enacting that Order, there shall be no additional window or other opening at first floor level or above, in the specified elevations of the dwellings at the following plots, which are shown on the Proposed Site Plan drawing number TLL-001, Revision X;

Plot No.	Elevation
06	East
09	West
017	East
022	East
059	South
060	West
063	North

Agenda Page No :	Pages 103 - 112

Reason for the Update/Changes

- Conclusion
- Conditions

Officer Comment :

The paragraph relating to the Section 106 Agreement has been omitted from the Conclusion and therefore the final paragraph should be amended to read:-

> "This application is subject to an amendment to the existing Section 106 Legal Agreement and therefore subject to the successful completion of the amendment, it is recommended that the application be approved subject to the conditions set out overleaf".

With regard to the conditions of the application they have been amended to include reasons for the conditions. Condition 2 is amended to include the substitute plans of the current application. Conditions 2, 24, 25 and 26 have added LU/61/06 to the end for the avoidance of doubt. The standard informative relating to the reason for the approval is added.

An additional condition is added at 28 regarding obscure glazing.

The reason for Condition 5 should be "In the interests of the locality in accordance with Policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan".

The amended recommendation sheet is attached to this report.

Notes: Changes to recommendations, conditions and/or reasons for refusal will always be accompanied by a new replacement recommendation sheet.

RECOMMENDATION

Approve Conditions

1 The development hereby permitted shall begin before the expiration of three years from the date of this decision.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

2 This permission relates to the plans as submitted and amended by substitute plans dated 29-05-2007 together with the following drawings: TLL 001 Rev X; 450-461; 150-159; D1343.L.100C, 110C, 120D and 130D; TLL100; 101A; and 201A; 103 and 203; 105A and 205A; 106A and 206A; 107 and 207; 108-110 and 208-210; 111A-113A and 211A-213A; 114-115 and 214-215; 116A and 216A; 117-119 and 217-219; 120A and 220A; 170; 270; 271; 250-253; 254A-255A; 256-257; 258B; and 259 on LU/61/06.

Reason: For the avoidance of doubt.

3 No development shall be carried out unless and until a schedule of materials and finishes and samples of such materials and finishes to be used for external walls and roofs of the proposed buildings and ground/hard surface treatments have been submitted to and approved by the Local Planning Authority and the materials so approved shall be used in the construction of the buildings.

Reason: To enable the Local Planning Authority to control the development in detail in the interest of amenity and by endeavouring to achieve a building of visual quality in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

4 No development shall take place until details of all screen walls and/or fences have been submitted to and approved by the Local Planning Authority and no dwellings/buildings shall be occupied until such screen walls and/or fences associated with them have been erected. Thereafter no fence, wall or other means of enclosure shall be erected forward on any building fronting onto a highway, footpath, courtyard or open space, without the prior written approval of the Local Planning Authority. This condition shall apply notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995, as amended, or any Order revoking or re-enacting that Order.

Reason: In the interests of amenity in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

5 No development shall commence until the following details have been submitted to and approved in writing by the Local Planning Authority, including a development programme which shall set out a timetable for the provision of each of these on-site:-

(a) the provision and making available for occupation of affordable housing units as part of a programme for the overall housing development at the site,

(b) the detailed design of ponds, including safety provision and ecological enhancement including subsequent management and maintenance, and arrangements for making the ponds available for use,

(c) the detailed design of the Sustainable Drainage Scheme including levels, sections, profiles, capacity, details of its operation, construction and subsequent management and maintenance,

(d) the arrangements for disposal of foul water drainage from the development,

(e) details of play areas and open spaces including equipment and safety provisions and subsequent management and maintenance, and arrangements for making these available for use on a phased basis,

(f) details including the location of signs and their maintenance, which are to be erected during the course of developoment of the site to show the position of each play area, including the period during which each sign is to be retained and maintained,

(g) details of the surfacing, lighting and signage of all footpaths and cycle routes on the site, and arrangements for making these available for use,

(h) details of recycling facilities, and arrangements for making these available for use,

(i) details of crime reduction measures to be used to ensure that the development adheres to 'Secured by Design,'

(j) the siting of any developer storage compound(s), including measures to be taken to minimise the visual impact, pollution, noise and light polution and including a stated date for removal,

(k) existing and proposed site levels (including levels taken from adjoining land outside the site), and the slab levels of each building,

(l) measures to be taken to minimise light pollution during the course of development,

(m) amended elevation drawings of Block A to reflect Site Plan TLL-001, Revision X,

(n) a wildlife/reptile mitigation strategy, including any physical works or arrangements for ongoing maintenance or management.

Development shall only proceed in strict accordance with these details and provision shall be made on-site in accordance with the timetable and arrangements for making the facilities available for use as approved, unless the Local Planning Authority gives prior written approval for any variation.

LITTLEHAMPTON LU/71/07/

6 There shall be no alteration of raising of ground of slab levels without the prior written approval of the Local Planning Authority and the development shall proceed only in accordance with the details of levels as approved under condition 5 of this notice of permission.

Reason: In the interests of the amenities of the locality in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

7 No work for the carrying out of the development hereby permitted shall be undertaken on the site on any Sunday, bank or public holidays or at any other time except between the hours of 0730 and 1800 Mondays - Fridays and 0800 and 1330 on Saturdays.

Reason: To safeguard the amenities of the neighbouring properties in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

8 Prior to the commencement of development details of noise attenuation measures shall be provided to and approved in writing by the Local Planning Authority. This shall include the following:-

(a) a phasing plan to show the order in which dwellings are to be constructed and occupied relative to the timing of the provision of the noise attenuation measures,

(b) detailed drawings of any noise barrier/acoustic fencing including its position, height, extent, design, appearance, specifications and acoustic performance,

(c) acoustic glazing and ventilation which shall be installed in dwellings which are to be identified in the phasing plan.

The development shall proceed only in accordance with the details and phasing plan thus approved and no dwelling subject of the phasing plan shall be occupied until the noise attenuation measures approved for that phase have been fully implemented, unless the Local Planning Authority gives prior written approval for any variation.

Reason: To safeguard the amenities of the neighbouring properties in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

9 The noise attenuation measures approved under condition 8 of this permission shall be implemented and thereafter retained in a good state of repair unless the Local Planing Authoirty provides prior written approval for any variation.

Reason: To safeguard the amenities of the neighbouring properties in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

LITTLEHAMPTON LU/71/07/

10 No development shall take place on the site until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted to and approved in writing by the Local Planning Authority.

Reason: The site is potentially of archaeological interest in accordance with policies CH7 of the West Sussex Structure Plan and AREA17 of the Arun District Local Plan.

11 A minimum of 14 days written notice of the commencement date of development, by carrying out a specified operation, shall be given to the Local Planning Authority.

Reason: In the interests of the develoment in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

12 No dwellings shall be occupied on the site until the access roads within the development have been constructed in accordance with the approved plans. The accesses from the site to the public highway shall be designed, laid out and constructed with kerb radii, visibility splays and sight lines in all respects in accordance with the approved plans unless the Local Planning Authority gives its written consent to any variation.

Reason: In the interests of road safety in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

13 The development hereby permitted shall not commence until details have been submitted to and approved in writing by the Local Planning Authority of measures to prevent surface water discharging onto the highway. Development shall be carried out in accordance with the approved scheme of details.

Reason: In the interests of road safety in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

14 No dwelling shall be occupied until vehicular and pedestrian access therefrom to the road network, the parking spaces, turning facilities and garages serving it have been constructed and provided. Details of which parking spaces and turning facilities serve individual dwellings shall first be submitted to and approved in writing by the Local Planning Authoirty. The areas of land so provided shall not thereafter be used for any purpose other than the parking, turning and garaging of vehicles.

Reason: In the interests of amenity in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

15 No construction work shall be carried out on the site unless and until an effective vehicle wheel-cleaning facility has been installed in accordance with details approved by the Local Planning Authority and such facility shall be retained in working order and operated throughout the period of work on the site to ensure that vehicles do not leave the site carrying earth and mud on their wheels.

Reason: In the interests of amenity in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

LITTLEHAMPTON LU/71/07/

16 Prior to the commencement of development, a plan shall be submitted to and approved in writing by the Local Plannning Authority, to show the provision of a lay-by for a mobile library, this shall include arrangements for ensuring that the lay-by is kept permanently available for the parking and use of the mobile library. The development shall proceed in accordance with the details thus approved.

Reason: In the interests of amenity in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

17 No development shall take place until there has been submitted to and approved in writing by the Local Planning Authority a scheme of landscaping, which shall include indications of all existing trees and hedgerows on the land, the details of any to be retained, together with measures for their protection in the course of development.

Reason: In the interests of the amenities of the locality in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

18 All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority gives written approval to any variation.

Reason: In the interests of the amenities of the locality in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

19 No development shall take place on the site unless and until all existing trees to be retained have been protected by means of a fencing to be erected in accordance with BS5837 : 'Trees in relation to construction'. No hard surfacing or changes in ground level shall take place within the fenced areas unless the Local Planning Authority gives its prior written consent.

Reason: In the interest of amenity in accordance with polcies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

20 Development shall not begin until a scheme to deal with contamination of the site has been submitted to and approved in writing by the Local Planning Authority. The above scheme shall include an investigation and assessment to identify the extent of contamination and the measures to be taken to avoid risk to the public and the environment of the locality when the site is developed. Development shall not begin until the measures approved in the scheme have been implemented.

Reason: To ensure that the development complies with approved details in the interests of the protection of the environment and prevention of harm to human health in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7, GEN31 of the Arun District LocalPlan.

21 None of the dwellings shall be occupied until the surface water drainage works have been completed in accordance with details to be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved scheme of details.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies DEV1 of the West Sussex Stucture Plan and GEN7, GEN9 of the Arun District Local Plan.

22 Prior to being discharged into any watercourse, surface water sewer or soakaway system, all surface water drainage from parking areas and hardstandings susceptible to contamination shall be passed through an oil separator designed and constructed to have a capacity compatible with the site being drained. On-going maintenance of the interceptor shall be provided in accordance with the manufacturer's instructions.

Reason: To ensure that the development is satisfactorily drained in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7, GEN9 of the Arun District Local Plan.

23 Any facilities for the storage of oils, fuels or chemicals during the duration of construction works shall be sited on impervious bases and surrounded by impervious bund walls. The volume of the bunded compound shall be at least equivalent to the capacity of the tank plus 10%. If there is multiple tankage, the compound shall be at least equivalent to the capacity of the largest tank of the combined capacity of interconnected tanks plus 10%. All filling points, vents, gauges and sight glasses shall be located above within the bund. The drainage system of the bund shall be sealed with no discharge to any watercourse, land or underground strata. Any associated pipe work shall be located above ground and protected form accidental damage. All filling points and tank overflow pipe outlets shall be detailed to discharge downwards into the bund.

Reason: In order to prevent pollution of the water environment in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

LITTLEHAMPTON LU/71/07/

24 Notwithstanding the provisions of the Town and Country Planning Act 1990 as amended, or the Town and Country Planning (General Permitted Development) Order 1995, as amended, to any Order revoking or re-enacting that Order, there shall be no additional window or other opening at first floor level or above, in the specified elevations of the dwellings at the following plots, which are shown on the Proposed Site Plan drawing number TLL-001, Revision X on LU/61/06;

Plot No.	Elevation
06	East
09	West
017	East

Furthermore, any windows at first floor level or above which are shown in the elevation drawings of any of these buildings at first floor level or above, shall be permanently glazed with uncoloured obscure glass and fixed and unopenable to a height of not less than 1.7m above internal floor level.

Reason: In the interests of amenity in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

25 Notwithstanding the provision of the Town and Country planning Act 1990 as amended, or the Town and Country Planning (General Permitted Development) Order 1995, as amended, or any Order revoking or re-enacting that Order, there shall be no additional window or other opening at first floor level or above, in the southern elevations of specified elevations of the dwellings at plots 059-062 which are shown on the Proposed Site Plan drawing number TLL-001, Revision X on LU/61/06.

Reason: In the interests of amenity in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Aurn District Local Plan.

26 Notwithstanding the provisions of the Town and Country Planning Act 1990 as amended, or Class E of Part One of the Second Schedule of the Town and Country Planning (General Permitted Development) Order 1995, as amended, or any Order revoking or re-enacting that Order, other than shown on the plans hereby approved, no building or enclosure shall be erected in the rear gardens of the dwellings at the following plots; 01, 03, 04-012, 072, 073, 083, 090, 102, 106, 109, 241, 254, 262,2 69, 276, 283, 284, 334, 348, 382-388 and 392 which are shown on the Proposed Site Plan drawing number TLL-001, Revision X on LU/61/06/

Reason: In the interests of amenity in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.

27 INFORMATIVE:

Summary of Reasons for Grant Article 22(1) General Development Procedure Order 1995

SUMMARY

This planning permission is granted because it complies with the policies listed below in that the development would not cause any material adverse effect on visual or residential amenity on the surrounding area and its character and there are no material considerations to indicate otherwise.

RELEVANT POLICIES

STRUCTURE PLAN: DEV1

LOCAL PLAN: GEN7

NATIONAL POLICIES: PPS1

This is only a summary of reasons for granting to comply with Article 22 and full reasons appear in the Officer report.

28 The windows on the second floor east elevation of plots 6, 17 and second floor west elevation of plot 9 shall at all times be glazed with obscured glass.

Reason: To protect the amenities and privacy of the adjoining property in accordance with policies DEV1 of the West Sussex Structure Plan and GEN7 of the Arun District Local Plan.
