Subject: RE: Planning Consultation on: LU/71/09/

Its a pity to lose the retail uses but I should imagine this would be difficult to resist.
 New doors and windows need to be well recessed to match the existing. Is it possible to avoid top-hung PVCu sash windows. I would prefer painted timber vertical sliding sashes but if you consider it will be difficult to avoid PVCu because of the existing windows in the property then let's at least have vertically sliding sash PVCu windows.
