Dear Chris,

I have been made aware that you sought to engage with Miriam on the mitigation. I can advise that we are currently engaging with Nexus and Miriam to discuss the mitigation package for this scheme. However, it would be useful if you could provide a mitigation proposal in response to the previously proposed details. We can then take this into consideration when undertaking our internal discussions.

I am out of the office after today until the 13 April and as such will not be available during this time should you have any queries in relation to this.

Kind regards,

David Easton
