Good afternoon,

I have now received comments from both ecology and environmental health officers on your application at the address above. Both generally have no objection to the proposals, however, our ecology officer has recommended that for Units 3/4/5/7 and Plot 5 the location of the nest boxes is repositioned to be at the apex of the roof as shown on the plan attached. Would you be happy to make this alteration? Once I have received amended plans, I will likely be in a position to discharge both conditions.

I look forward to hearing from you.

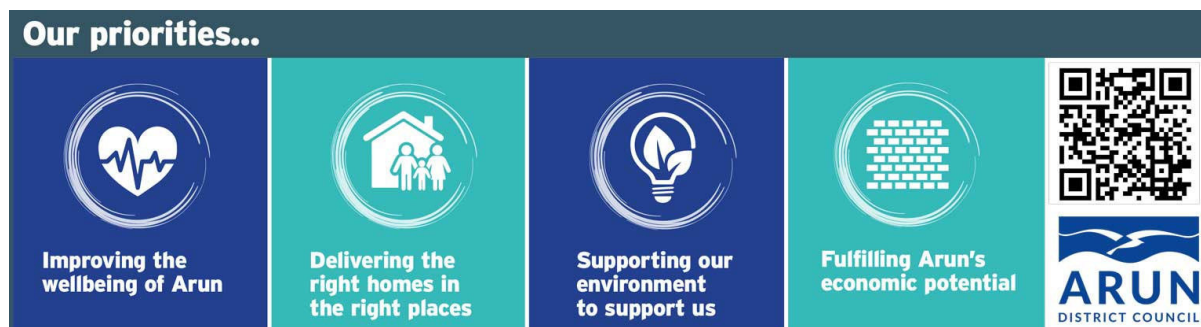

Kind regards,

Hebe Smith (she/her)
