I am not convinced of the safety with regards to vehicles coming from A259. There is only one direction back onto the main road and this will likely cause significant traffic build up. There are a large number of children who use the traffic island right by the mouth of that junction for walking to school and back. What is being done to keep this safe for all? Food delivery vehicles and fast food delivery vehicles will be frequently using such a small amount of road.

Your views as made above will be considered before the application is determined.
