Dear Emma,

Further to the EHO comments requesting amendments to the acoustic report, please see the supporting Noise Report addendum.

This report sets out the mitigation measures to ensure that plant noise limits achieve 38 dB LAr,Tr and 28 dB LAr,Tr when measured at the nearest sensitive receptors, as requested.

Please can this be uploaded to the planning register.

Just to let you know, I am away on leave from now until 21st October. Please ensure all correspondence regarding this application includes Chris Barker (cc'd).

Thanks

Kind Regards,

Megan Smith
