Dear Sirs,

We refer to the Planning Application submitted as below.

We have now amended the application on the Planning Portal very shortly after making the first submission earlier this morning. Basically we missed the new window off the proposals and have added this to the development description, amended the proposed site plan and added elevations.

We hope this does not cause any confusion, but if you would like clarification on anything then please do not hesitate to contact myself.

Likewise if there is any concern regarding any aspect of the proposals then I would be pleased to hear from you. This project is part of a rolling programme of works including significant interior refurbishment works, and our clients have a large construction team lined up to carry out the works in approximately eight weeks and therefore I will endeavour to immediately respond on any issues so that a satisfactory approval can be processed on time.

Kind Regards,

Eric Lynn
