FTAO Mrs D Johnson

Dear Sirs,

Thank you for your letter asking for more information in order to validate this applications, as attached for ease of reference.

We enclose the site plan drawing 4103-1118 amended with additional dimensions, and floor plans 4103-002 and 4103-501, as requested.

We confirm the amended description is correct.

We also enclose as requested the following documents:

4103 Windmill Harvester - Flood Risk Statement

Windmill Harvester - Validation Checklist

Windmill Harvester - Biodiversity Checklist

We look forward to your determination of this application, but should anything cause concern then please feel free to contact me and I will be happy to provide further information or amend the scheme if agreeable to ensure an approval.

For your information, this project is part of a cycle of ongoing refurbishment and improvement programme covering many Harvester properties and the whole workforce is lined up to start work on this site on the 2nd May. Consequently, the main works cannot be delayed without effecting the next project and so forth. The majority of the actual works are internal and can obviously proceed without concern if the application is not

determined, but we have little scope to postpone the external items. Therefore any warning of potential problems would be greatly appreciated as we certainly do not wish to proceed with anything that might be contentious.

Kind Regards,

Eric Lynn
