Environmental Health: See My Comments 4th June 2018. I am not aware that Environmental Health have received this application as yet. Nevertheless, I had already spoken with the business owner and explained that the lack of any public WC provision means that the number of seated patrons is therefore limited to 8. This is to include internal and external seating. Furthermore the internal layout means that it would be inappropriate for any patron to use the existing first floor staff WC facility.

Should the applicant wish to retain any internal seating area then this application for 4 tables externally (of not more than 2 seats to each) would be unsuitable.
