Dear Elly

Further to our conversation earlier today, please find attached a copy of our Validation Requirements and a blank CIL form for you to complete. There us a link on the Validation Requirements for the Heritage Statement.

On checking the submitted Flood Statement, this is a flood warning. Please refer to the attached Validation Requirements for further information on what is required.

If you feel that any information requested is not necessary, please provide your reasons and I will refer it to my Team Leader.

Kind Regards

Nicky

To register to receive notification of planning applications in your area please go to
www.arun.gov.uk/planning and click on Local Planning Application Find

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Dear Nicola

I have amended the planning application and submitted it on line.

I have attached the CIL form and flood risk with this email.

I have also made enquiry regarding the heritage statement, I don't think we need one.

Kind Regards

Elly Hutton
